

REMARKS

The above amendments to the claims have been made for purposes of clarity and to correct typographical errors in the original claims. New claims 19-22 are directed to embodiments of the invention in which the dielectric coating and substrate include a reinforcing filler. Basis for the new claims may be found in the specification, for example, at paragraph [0024]. No new matter has been added.

Entry of this Preliminary Amendment is respectfully requested.

Respectfully submitted,
